Scale kleuren
(Merino wol)

design Tim Alpen

MATERIAL WOOLFELT

The felt used for Scale is made from 100% Merino wool. Felt is perhaps one of the most unique and versatile industrial fabrics available and its many properties are unrivaled by any other single material.

On top of being a biodegradable and renewable material, wool felt is moisture resistant, self-extinguishing, and known for its thermal and acoustic insulation properties and its highly saturated and lightfast colors.

- 100% HIGH QUALITY MERINO PURE NEW WOOL
- SUSTAINABLE AND BIODEGRADABLE
- THERMAL AND ACOUSTIC INSULATION PROPERTIES
- FIRE-RESISTANT AND SELF-EXTINGUISHING
- ALLERGY-FRIENDLY AND ANTISTATIC
- EASY CARE
